All About Me

We made our houses and sponge painted the members of our family inside.

Parsha

We've been learning about the Hwcm of OYXRWA TSNKH. We enjoyed building S"OHBA tent in our dramatic play area and setting the table nicely to serve our guests. We heard the story "come over to my house" and discussed all the different kinds of houses there are.

We invited Morah Pazi's class to be the special guests at our shabbos party. We enjoyed setting the tables nicely and making chocolate pudding for dessert.

This Weeks Fingerplay

When I was a baby I was so small.
I could not speak a word at all.
When I was One, I learned to talk,
I learned to run and I learned to walk.
When I was Two, I grew and grew.
And now I am Three, and so are you!

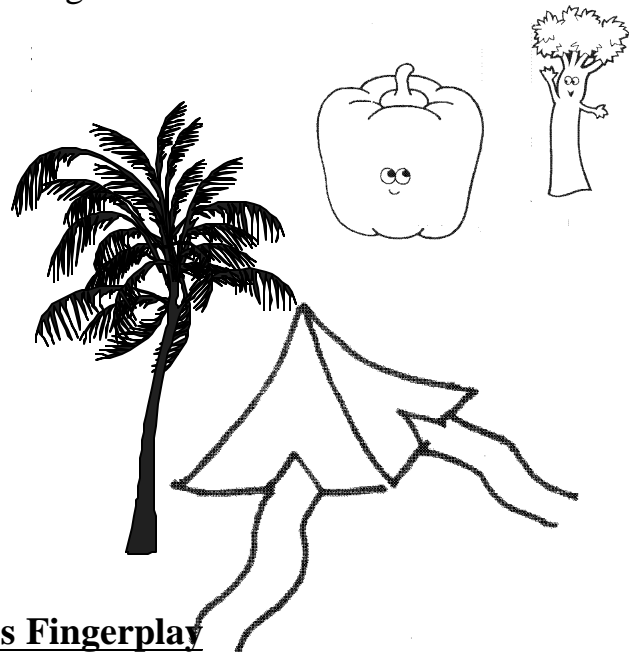

B-A

It was fun to hear about "How the B became a B". We know that "a B has a dot but a B does not!"

Green day

We observed how blue and yellow make green with our fingerpaints. We enjoyed eating green pepper and cucumbers on our green dishes.
